

We are currently in the process of getting approval to build a sun room off the wing living room. This is to be large enough for a good sized dining table.

---

Planning permission has been granted (see the planning application [here](#)); we are now applying for the building warrant.

All being well, work *may* begin during the winter of 2009.

---

The Building Warrant has been granted. Work will be done so not to effect any visitors enjoyment.

---

Sun room walls & roof on. Large window installed and door frame in. Moving of window in hallway and knocking through will not happen for a few weeks so as to not make a mess for guests.

---

The Sun room is constructed and in use! Additional WC is yet to be installed and some additional internal decoration.

---
